

Peer Review/Value Engineering

Degenkolb engineers lead the development of many of the codes that govern how buildings are constructed, evaluated and rehabilitated for seismic safety. As a result, we are routinely hired to perform peer reviews and value engineering services for building owners who want assurance that the designs they receive are safe, complete, and cost-effective.

Relevant Experience

- The Americas Mall, Managua, Nicaragua
- The New De Young Museum, San Francisco CA
- Hewlett-Packard B3, Corvallis OR
- Nexus Project, San Diego CA
- J. Willard Marriott Library, Salt Lake City UT
- Eugene Courthouse, Eugene OR
- Future Plex Towers, San Francisco CA
- Gladstone Foundation, San Francisco CA
- Plaza at Almaden, San Jose CA
- Building D1B, Confidential, Hillsboro CA
- Giants Baseball Stadium, San Francisco CA
- Pellas Group Corporate Headquarters, Managua, Nicaragua
- San Jose International Airport, Terminal A, San Jose CA
- Wallace F. Bennett Federal Building, San Francisco CA
- Oroville Border Station, Oroville WA
- Administration Building, Boulder City CO
- Spalling Administration Building, Irvine CA
- Parnassus Services Replacement Building, University of California, San Francisco CA
- Central Dining, Berkeley CA
- Intel Fab 11X, Rio Rancho, CA
- Library & Info Technology Center, Merced CA
- 300 Spear Street, San Francisco CA
- Trinity Presbyterian Fellowship Hall, Santa Ana CA
- Department of Veterans Affairs, San Juan CA
- Commons Expansion, Riverside CA
- CHW Saint Francis Memorial, ER Review, San Francisco CA
- CHW Sequoia, New Parking Garage Peer Review, Redwood City CA
- Kaiser Medical Center Peer Review, Vallejo CA
- Kaiser MOB I Peer Review, Walnut Creek CA
- Stanford Ambulatory Care Building, Palo Alto CA
- VA Anchorage Outpatient Clinic, Anchorage AK
- VA Long Beach Building 126OP, Long Beach CA
- VA San Diego Building 1, San Diego CA
- CCSF John Adams Campus Modernization, San Francisco CA
- Grossmont College Health and Science Building, El Cajon CA
